

What is a CMS Informal Review?

Eligible professionals (EPs) who submitted data for PQRS may request an informal review of their PQRS reporting performance. In particular, if they did not earn the PQRS incentive payment and they believe they should have, or if they believe the payment amount was incorrect, they may be eligible for informal reviews. Informal review requests for 2013 will be accepted from January 1, 2015 through February 28, 2015.

CMS has a helpful [fact sheet](#) explaining how to request an informal review. Gina Gjordad at the AAN is available to provide additional guidance – her email address is ggjordad@aan.com
